## 2020 Education Philanthropy Report, Empowering Possibilities

Ascendium is pleased to announce the availability of our 2020 Education Philanthropy Report, Empowering Possibilities. Our report tells the story of our philanthropy during an unprecedented time and the tremendous efforts of our grant partners, who were able to advance their work despite numerous challenges.

We are excited about the work that began in 2020 in each of our focus areas, and we applaud our partners' responsiveness to the changing needs caused by the COVID-19 health crisis. While the coming year will continue to challenge us all, we hope our efforts will continue to spark sustainable, systemic changes in postsecondary education and workforce training systems to help more learners from low-income backgrounds succeed.
